

PASSION & ENTHUSIASM

You tend to become absorbed and fully engaged in what you do. You have a sense of vocation and ability to lose self-awareness and merge with the task at hand. You feel inspired and look forward to engaging with challenges.

What are the signs of enthusiasm and passion for something?

What type of job might suit a person who is enthusiastic and passionate?

What advantage is there in being full of enthusiasm?

Make a plan to grow in enthusiasm & passion!

I'd love to be more enthusiastic in the following situation:

This is what I need to be more enthusiastic (e.g. not care as much about what others think of me):

When and where I'll be enthusiastic about something:
